DETAILED ACTION

Claim Rejections - 35 USC § 112

1. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

2. Claim 4 is rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

As amended, claim 4 appears to be incorrect. It cannot be seen how the second wiring member arranged on a second face of the film substrate can extend to the second electrode group arranged on the first face of the film substrate through a through hole in light of the limitation that the first face and the second face of the film substrate are defined by a single outer face of a folded film member.

It is the understanding of the Examiner that original claim 4 is directed to the embodiment of a writing head shown in Figs. 11, 13a-b, 14a-b in which the film substrate is folded and the single outer face of the folded film substrate defines the first and second face. In this embodiment no through hole is used.

Allowable Subject Matter

3. Claims 1, 5-19 are allowed.

Conclusion

4. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP

§ 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
